

Gift or Mini Card

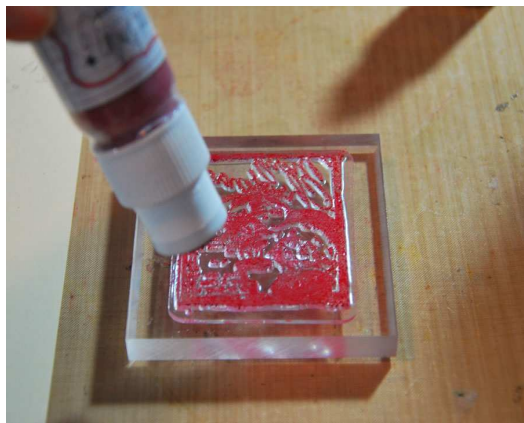

(using new Ranger products)

Supplies

Adirondack Color Wash
Perfect Pearls Mists
Jenni Bowlin Paint Dabber
Liquid Pearls
Stamp
Cream Cardstock
Textured Kraft Cardstock
Old Sheet Music Paper

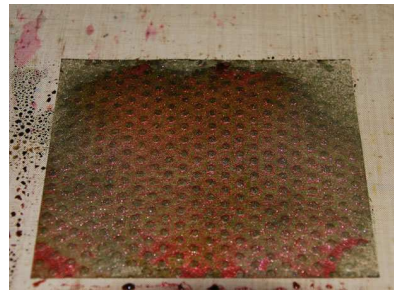

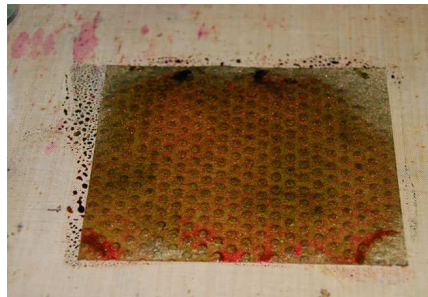

Step 1: Apply paint to the stamp and stamp image onto cream cardstock. Let dry completely then spray with Perfect Pearl colored mist to give image a shimmer. Cut image out once dry.

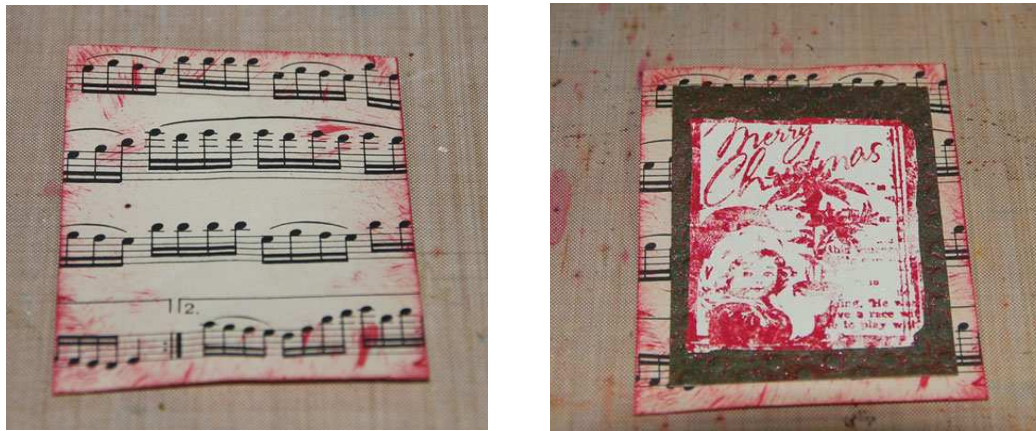

Step 2: Spray Kraft cardstock with Color Wash, then with Perfect Pearls (I used red). Let dry completely. You can speed up the drying process but using your Heat-It gun.

(Note: If you do not have textured Kraft cardstock you can create your own by dry embossing it. I used my Cuttlebug to create my textured Kraft)

Step 3: Cut a rectangle of the music sheet and “ink” the edges using the paint dabber. Cut the altered Kraft cardstock and adhere to the music sheet then add the stamped image to this.

Step 4: Add Liquid pearls to the Kraft layer to add dimension and also use to enhance image.

Step 5: Attach to a card form and use as a gift tag or mini card. My card is about 3 x 2.5 inches.
